Greetings to All!

Phyllis and I hope each of you had a wonderful holiday season and are looking forward to another year of adventure and joy! This year has taken us to some incredible sites here in North America including both Hawaii and Alaska in the same year – a first! We have toured many parts of the Us and Canada including the deep South, the Smokey Mountains and the richest parts of the West as well with many of our old friends and many new ones on American Photo Tours. Once again this year as a way of thanking all of you for making our lives so much richer in friendships and adventures, we wanted to offer you this modest collection of images from our travels with you, and even a few from our own trips to places near and far. It is our sincere hope that you will enjoy them as much as we enjoyed traveling with you on tours or in our hearts as we journey through the world. You are always with us.

Next year we hope to again journey forth with many of our well acquainted friends and new folks into the world of landscapes and wildlife and new destinations. Let us know what you think of this collection, and where in the world you would like to go in the future. Our destinations are only limited by your imagination. Have a wonderful and prosperous New Year in 2017!

All the Very Best,
Greg and Phyllis
